St. Louis Post-Dispatch - Bridgeton landfill odor fading, but not concern about fire - 9/3/13 - This year, Labor Day was also supposed to represent another, less traditional milepost — the date when people who live and work near the Bridgeton Landfill could begin breathing easier. http://www.stltoday.com/news/local/metro/bridgeton-landfill-odor-fading-but-not-concern-about-fire/article_04faab5e-ae10-5e8e-b64c-ce19a1beba39.html

Southeast Missourian (Cape Girardeau, Mo.) - Floodway comment period extended to Nov. 25 - 9/2/13 - The deadline for the public comment period for the draft Environmental Impact Statement for the St. Johns Bayou and New Madrid Floodway Project has been extended to Nov. 25. <http://www.semissourian.com/story/1999417.html>

Also KZIM Radio - Cape Girardeau

Wichita Eagle - Amid storms, environmental concerns and budget cuts, Sedgwick County's clogged waterways challenge clean-up crew - 9/2/13 - Never in Jim Weber's 31 years of working for Sedgwick County has the public works deputy director seen so much debris in the 1,200 miles of creeks, streams and rivers that the county oversees. <http://www.kansas.com/2013/09/02/2977955/amid-storms-environmental-concerns.html>

Domestic Fuel - Paper Challenges EPA Modeling of Ethanol Emissions - 9/2/13 - A new white paper released by the Ethanol Across America Campaign finds that mid-Level ethanol blends can provide significantly greater emission and health benefits than EPA models indicate. <http://domesticfuel.com/2013/09/02/paper-challenges-epa-modeling-of-ethanol-emissions/>

Tulsa Oklahoman - Keystone XL flunks climate test, environmental groups say - 9/3/13 - Environmental organizations led by the Sierra Club have released a report they say shows the proposed Keystone XL pipeline would be harmful to the environment. http://www.tulsaworld.com/article.aspx/Keystone_XL_flunks_climate_test_environmental_groups/20130903_49_A14_Evrnet809485

Bloomberg News - Keystone Delays Seen Giving Time for Climate Concessions - 9/2/13 - A decision on whether to approve the Keystone XL oil pipeline may slip into next year, giving opponents time to marshal efforts against it while offering President Barack Obama a chance to wring concessions from Canada. <http://www.bloomberg.com/news/2013-09-03/keystone-delays-seen-giving-time-for-climate-concessions.html>
